---

## FRONT-END DEVELOPER

Front-End Developer who enjoys working closely with team members to ensure workloads are effectively redirected to bottlenecks and personally picking up the slack when necessary. With a passion for both personal growth and software development, Ready to apply my passion for coding to a talented engineering team to develop quality solutions.

---

## PROFESSIONAL EXPERIENCE

### Sync Interns

Apr 2023 - May 2023

#### Web development intern

- a one-month virtual internship, in this internship I built four projects: A responsive product landing page, a Quiz app, a music player, and an E-learning platform.
  - All of this project was built with HTML, CSS, and vanilla JS. you can find them all in my portfolio
  - You can find the recommendation letter and certification of completion in my LinkedIn profile.
- 

## PROJECTS

### VanLife

- A web application for renting vans.
- This project is built with react, react-router, and firebase(Firestore and Auth).
- Note: if the website does not open try using a VPN.
- GitHub Repo: <https://github.com/mhmd-k/VanLife>
- Demo: <https://vanlife11.netlify.app/>

### E-commerce website

- E-commerce website for selling headphones, game controllers, and other electronic devices.
- This project is built using react and react-bootstrap.
- The state of this app is managed using the context API
- GitHub Repo: <https://github.com/mhmd-k/Unsen>
- Demo: <https://mhmd-k.github.io/Unsen/>

### Github Octal

- A single-page application that deals with Github API.
- this site displays everything about any user in GitHub like his repos, stars, number of followers, etc...
- GitHub Repo: <https://github.com/mhmd-k/fetch-github-repos>
- Demo: <https://mhmd-k.github.io/fetch-github-repos/>

## EDUCATION & CERTIFICATIONS

### Computer Engineering

Damascus University (2018 - current)

[Meta: Advanced React](#)
